Mar 24, 2011 "Mayhem in the Morra" is by all odds the most popular book on chess openings at present. Here is a sample of the opening description on chesspubforum.com: "Marc Esserman (1996) . Mr. Esserman has done more than any other author to popularize the Morra Gambit and may well have done more to show it to be an excellent opening for White than any other author to date. It is almost universally taught and adopted by every new student of the game. His enthusiasm for the opening is contagious." Since I have not confirmed the Coral deal yet, I think we should let this one go through. Can you check on the confirm status for this deal and let me know? The settlement group is depending on this to allocate people. Thanks for your help. DG 3-9573 Ava Garcia@ENRON 02/09/2001 07:20 PM To: Darron C Giron/HOU/ECT@ECT cc: Subject: Re: West deals Darron.
